One of the most popular ways to generate free traffic to your website these days is to use a free traffic exchange service.

A traffic exchange is website service that enables you to view someones website, and others in turn view yours. You earn credits when you view someones site, and you use those credits to have others view your site.

Internet marketers would like to know how to bring traffic to their websites quickly, without spending any money. Traffic exchanges can accomplish this.

The greatest benefit comes in when you sign up others and receive traffic from their efforts.

The different types of exchanges are start page exchanges, manual surf, and auto surf.

The key is to join more than one exchange, it could be start page, manual or auto surf exchange, and promote them to get referrals.

Go to any search engine such as yahoo or excite, and search for traffic exchanges. There are hundreds, with new ones being established everyday.

With all the traffic exchanges you find from the search engines,if you join them,you will increase your
