Toxins, Fairy God Mother's And Skin Care Treatment..

By Sara Faletta

So here I am playing with my sister's kids, when my niece asks me, "Auntie Sara, will you watch a movie with me?". I replied "Well sure sweetheart! You pick the movie, and I will sit right here with you and watch it, OK?".

Well, being only six years old, there are now a days lots of kid's movies to choose from, not like when I was a kid. Anyway, she gets on her little stool, goes through her collection, and picks out a movie. "Shrek 2 Auntie Sara! I like Shrek!". "OK, that's fine with me" I replied.

As I watch the movie, I couldn't help thinking about the fairy god mother. She can make all kinds of potions for anything you desire. Love potions, potions to make you thin, potions to make you strong, and even potions to make you handsome or prettier. If you've seen then movie, you know that Skrek gets a magic potion that turns him into a handsome human, and donkey into a fantastic stallion. If only it worked that way! Or does it?

I know lot's of women today who are into this craze or that, and some are even injecting harmful toxins into their systems to make lines and wrinkles disappear. Yep, they disappear alright, as well as your facial and muscular control. That's simply not the kind of skin care treatment I want to use.

You see, no matter what your age, you will always want to look your best, and to do that, you need to find a skin care treatment that works best for you. Unfortunately there are no Fairy God Mother's in the world that can wave their wand's and grant your wishes, but there are some pretty amazing skin care products that come pretty close.

Recently I had the good fortune to be exposed to skin care treatment that is not only revolutionary, it's permanent. Yep, I said PERMANENT! This skin care treatment is so astounding, it was recently written up in the prestigious Journal of Cosmetic Science.
