Types And Significance Of Silicon Bracelets

By Barney Garcia

Silicon bracelets, also called awareness bracelets, are used by millions of people as a fashion and also to support various causes. You can have different types of statements printed on them. They also aid in fundraising efforts for many big non-profit organizations. You can create a custom silicon bracelet that reflects your views and personality. The silicon bracelets are used as party favours for birthday parties, weddings, baby showers, and family reunions. As birthday favours, you can have the name of the person printed on the bracelet. For wedding favours, you can have the name of the bride and groom printed on the bracelet with the date of the event.

Custom silicon bracelets are the perfect gift for your daughter and mom. You can have something good written about them on the silicon bracelet. Your non-profit organization can benefit from using a silicon bracelet. It helps in fund raising. Silicon bracelets are an easy and inexpensive way to raise money for your favorite charity. Silicon bracelets are an effective way of promoting your business. Print your business name with a catchy slogan and hand them out at fairs, trade shows, or to anyone who approaches you about your business. This is an easy way to spread your business and company name all over the place.

To create cancer awareness among young women, breast cancer awareness bracelets are widely used. This bracelet gives a call to all young women to get their endometrial tests done at regular intervals and also to donate funds for this noble cause. Silicon bracelets are available in multitudes of colors. Silicon bracelets have become a fashionable fad for teenagers as they often wear it in prom. Although they are mainly used for fundraising purposes, the fashionable aspect contributes a lot to its popularity. Silicon bracelets are ideal for school fundraising, religious groups, promotional items, corporate, giveaways, sports team, party giveaways and charity.

The major purpose of this awareness bracelet is to promote awareness of cancer, HIV/AIDS and heart disease. Another purpose is to show support for cancer patients, HIV/AIDS, and heart attack survivors in their battle against the disease. A pink awareness bracelet is worn on the wrist to promote breast cancer awareness and to show support for women in their fight against the disease. A yellow awareness bracelet is worn on the wrist to promote cancer awareness. It shows support to individuals in their fight against the disease. People who wear a red bracelet are promoting AIDS awareness and

showing support to individuals who have HIV/AIDS.

How Easy It Gets Ordering Customized Rubber Bracelets In Bulk Online

By Chris Angeles

Looking for a great fundraiser? Then maybe rubber bracelets are just the thing to promote awareness. Custom-printed rubber bracelets are a hit nowadays. These rubber bracelets usually carry colorful designs and names and slogans that relate to a certain cause. There are so many causes out there that these bracelets have been used on already.

These rubber bracelets are available in a wide variety of colors. There's this pantone chart wherein you can choose from a wide array of colors. You can even request for glow in the dark rubber bracelets. See how great these things are?

These rubber bracelets are cheap to make but in return they can be off great value for your fundraiser or for your cause. Hundreds of fundraisers have used rubber bracelets to promote their cause. Take the Lance Armstrong Foundation for example. They can also be used to promote your brand, company, band, or anything under the sun. Rubber bracelets can also help promote your school pride. Those are just some examples of uses of the rubber bracelets.

There are three types of rubber bracelets, imprinted, debossed, and embossed. Imprinted bracelets will have your message imprinted on the rubber bracelets. Debossed bracelets, on the other hand, will have your message recessed or engraved on the bracelets. They are similar to popular "Livestrong" rubber bracelets. Lastly, embossed bracelets' message will be raised instead of engraved.

These rubber bracelets come in three sizes, adult, medium and youth. Adult bracelets will have a circumference of 202mm. The medium bracelets will have a circumference of 190mm, and the youth bracelet will have a circumference of 180mm.

Prices of the rubber bracelets will tend to be cheaper as you shift from one price break to the other. The reason behind this is that if you order more bracelets, the mold fees and other set-up fees will be distributed to each additional rubber bracelet.
