Vedic Medical Astrology

Medical Astrology is that branch of Astrology dealing with Health. The 12 Signs of the Zodiac are linked to the Twelve Limbs of the body. The Ascendant rules the Head and the 12th House, the Feet. The Law of Correspondences of Classical Philosophy has another term " The Doctrine of Signatures". This doctrine states that objects – animate and inanimate – are governed by planets and Classical Astrology has taken this concept beyond " The Law of Cause and Effect " and has defined it as Archetypal or Psychological.

Reflections of the intrinsic qualities of the planets can be seen in people, plants, animals & minerals. All that we see, touch, consume & harvest has a correspondence. By knowing our own planetary signature, we can consume those materials which correspond to our planetary signature and thus a healthy balance can be maintained. (In my horoscope, Jupiter is posited in Cancer and hence powerful in positional as well as directional strength. If I am afflicted by any sort of disease, the escape route is the Jupiterian Way – viz consuming more vegetables and fruits, as he rules fruits and vegetables. If I do that, I will be implementing what the Great Seers said long ago " Naturopathic food is medicine and medicine is food ")! Since the Zodiacal Signs represent the Five Elements (Ether , Fire, Air, Earth & Water), the ancient astrological savants assigned everything in the Universe to a planetary ruler, and considered all as the manifestation of the Elemental Five and their respective qualities – hot and dry, cold and dry, hot and humid , cold and humid. Jupiter rules "Kapha" and the Sun "Pitta" (the three humors of Ayurveda). These elements were understood in a physical & metaphysical sense, as per the principle " As Above, So Below ". Many body constitutions are defined in Ayurveda. The Phlegmatic (predominance of Kapha), the Bilious (preponderance of Pitta) & the Windy (predominance of Vata). There are 4 types of Body Constitution in Western Holistic Medicine – Sanguine, Phlegmatic, Choleric and Melancholic. Ayurvedic Therapy The Seven Planets correspond to the Three humours (Doshas) in Ayurveda

In the Ayurvedic Model, the Seven Revolving Heavens are classified thus (Vatam Pittayutha Karothi Dinakrith)

Jupiter Kapha

Sun Pitta

Moon Vata & Kapha

Mars Pitta

Mercury Pitta, Vata & Kapha

Venus Vata & Kapha

Saturn Vata

The seven planets correspond to the Seven Gross Tissue– elements (dhatus) thus

Jupiter Fat

Saturn Veins

Mars Bone Marrow

Sun Bones

Moon Blood

Mercury Skin

Venus Seminal Energy

By analysing the horoscope, the astrologer can discern the badly placed planet and the corresponding Dhatu which has caused the problem and can prescribe Ayurvedic remedial measures (" Dushthithasyadi Dhatustho Rogenam Roga Eeryatham ")

Medical Astrology's perspective about the 12 Houses of the Zodiac
House Organ

Ist House Head

2nd House Face

Third House Throat

Fourth House Heart

Fifth House Place beneath the heart

Sixth House Stomach

Seventh House Generative Organ

Eighth House Upper Thigh

Ninth House Thigh

Tenth House Knee

Eleventh House Calf

Twelfth House Feet

If the 6 H is afflicted, there can be digestive tract disorders. Natural malefics in the 6 H may create hyperacidity and gas trouble. Affliction either to the 7th house means disorders of the digestive tract,

hyperacidity and gas trouble (Papa Saptamagah Tadodara Ruja). The same holds good for the 6 H (Papa Shashtagatha Tadodararuja). If the 6 H or the 7 H is afflicted, one should be very careful about the body's acidity level. The body's PH value should be kept at 7. Anything less than 7 is dangerous. The 80% alkaline nature of the body should be kept up & acidity should not be above 20%. The best foods to be taken are Vedic Foods, which are low acidity, low cholesterol diet. The Acidity– Alkalinity ratio should be kept at 80% –20%. That ratio can be maintained if you consume 100 grams fruits and 300 grams vegetables daily and avoid non–natural food. Natural foods are alkaline and non–veg basically acidic. From experience, it can be discerned that not only malefic planets bring in problems from enemies, but also problems to the stomach (Pape Shashtopagathe Vrina Bhayaschora Satru Peeda Cha). If the 12 H is afflicted by malefic planets, there can be affliction to the feet. We have seen many a patient suffering from 12 H affliction and which manifests as problems on the feet.

Similarly, 4 H affliction means trouble to the Heart. I knew one patient with heart problem who had the North Node in the Fourth. He had a heart surgery. The North Node in the Heart region in the horoscope had effectuated this problem.

There are some astrologers who take this from the Horoscope of the Cosmic Man, that is from His Ascendant Aries. This method also yields results but from our experience, we follow the dictum of Natal Astrology that it is the Ascendant of the native which is the head and the Descendant the stomach region. I know many an astrologer who follow this from Aries Asc & if a malefic is posited in Virgo, in the 6 H of the Kalapurusha (Cosmic Man), he predicts stomach problems for the native. (Kalanarasya Avayavath Purushanam Kalpayeth). Or if a malefic is posited in Taurus, he predicts wounds on the face for the native.

Affliction to any house indicates affliction to the corresponding part of the body. North Node – or any other malefic – in the Sixth is indicative of stomach trouble & ulceration. Fourth house affliction means that the heart is afflicted and first house affliction means that the head is afflicted. (Pape Lagnagathe

Parajaya Bhaya Siroruja)

The planets correspond to the different systems of Man thus

Sun The Bone System

Moon The Circulatory System

Mars The Muscular System

Mercury The Veins

Venus The Reproductive System

Jupiter The Digestive System

Saturn The Excretory System

From experience, Vedic Medical Astrology is found to be very accurate. In my father's horoscope, he had a specific yoga for Arthritis with Jupiter in Libra Asc and Saturn in Aries. My mother has Saturn in the 12 H; she has a problem in the leg. My co-brother has Mars in the 12 H; he is suffering from

some nerve problem on the feet. I personally have the North Node in the 6 H and I have hyperacidity and gas trouble (Papa Shashtagatha Tadodararuja) !

Astrology and Vedic Yajnas / Rituals in Hindu Religion

Astrology and Vedic Yajnas / Rituals in Hindu Religion by CyberAstro Astrologer

Astrology and Vedic Yajnas / Rituals

As per Vedic Astrology texts, there are two types of Yajnas / rituals or tasks – the daily ones and the occasional ones. The daily Yajnas / rituals are those which a person accomplishes on a daily basis.

In addition, daily prayers to "Your Deity" also come within the purview of the above. While the occasional ones are often done for fulfilling a particular wish. This wish may be as diverse as the desire for having

a child, the desire for wealth in times of financial constraints, having a long term romantic affair / stability in a love relationship, success on the business front or getting rid of certain diseases. In this way, the basis for performance of occasional duties may be anything related to a person or collective welfare. In such a situation, a person seeks the help of astrology when the desires are not completely fulfilled.

A learned Astrologer arrives at a decision after collectively analysing the placement of various planets in a person's Horoscope chart. Accordingly, the Astrology prediction is given and Astrology remedies in the form of Yajnas / rituals is prescribed for fulfilling the particular desire.

The relationship between astrology and Vedic Yajnas / rituals is one and important. This is because the auspicious time cannot be found without the help of astrology whereas Vedic Yajnas / rituals cannot be performed without the help of any auspicious time.
