WHEN WILL THE ANSWER COME

By Irvin I. Rozier

WHEN WILL THE ANSWER COME by Irvin I. Rozier

This is the song I wrote about in my article "RICKY SINGS..A SONG HE DID NOT KNOW", published earlier. This song was written under the inspiration of the LORD, and only took 10 minutes to write.

WHEN WILL THE ANSWER COME, words by Irvin L. Rozier, music to song by Joel L. Rozier

Verse 1

WHEN WILL THE ANSWER COME, WHAT WILL THE ANSWER BE
WHERE WILL I BE WAITING, FOR THE LORD'S ANSWER TO ME
SO LONG I'VE BEEN ANTICIPATING, ON THE ANSWER I'M AWAITING
MANY SLEEPLESS NIGHTS SPENT TALKING, TO MY LORD WITH WHOM I'M WALKING

CHORUS

THE LORD HEARS AND ANSWERS MY PRAYERS
I CAST ON HIM MY EVERY CARE
I KNOW SOMEHOW, SOMEWHERE
THE ANSWER WILL SURELY BE THERE

Verse 2

I KNOW MY GOD HEARS WHEN I CALL, HE HEARD THE PRAYERS OF BROTHER PAUL
HE LISTENS TO MY REQUESTS, I KNOW HE'LL SEND HIS VERY BEST
MY FAITH IN HIM MUST INCREASE, HE'LL GIVE ME HIS WONDERFUL PEACE
MANY TIMES MY FAITH HAS GROWN WEAK, TO ME O LORD PLEASE SPEAK.

(speak these words as music plays: THE LORD, HE HEARS AND ANSWERS OUR PRAYERS, NOW
LET US PRAY

(Tag 1)

HEY NOW, HEY NOW

WHEN WILL THE ANSWER COME

LET'S PRAY NOW, PRAY NOW
CAUSE SOMEHOW, SOMEWAY
THANGS ARE GUNNA BE OKAY
THE ANSWER, ANSWER
WILL BE THERE, BE THERE
AND SOMEHOW, SOMEWAY
THANGS ARE GUNNA TO BE OKAY

VERSE 3

THE ANSWER WILL SURELY APPEAR, AND WASH AWAY MY TEARS
IT'LL BE WORTH ALL THE PAIN AND THE SORROW
WHEN I SEE MY BRIGHT TOMORROW

CHORUS

THE LORD HEARS AND ANSWERS MY PRAYERS
I CAST ON HIM MY EVERY CARE
I KNOW SOMEHOW, SOMEWHERE
THE ANSWER WILL SURELY BE THERE

REPEAT CHORUS

TAG 2 REPEAT (SAME AS TAG 1)

Math or Magic?

By Kenneth Williams

As someone once said: "There's an easy way to do something, and an unlimited number of difficult ways".

Take simple division, for example:

Suppose you need to divide 43 by 9.

The answer is 4 (the first figure of 43) and the remainder is 7 (4 + 3).

Similarly 35 divided by 9 is 3 remainder 8.

WHEN WILL THE ANSWER COME

In the Vedic system we use the natural properties of numbers.

The number 9 has the property that it is 1 below 10. So every 10 contains one 9 and one remainder.

Therefore, in 40, there will be 4 nines and 4 remainder. and so in 43 there must be 4 nines and 7 remainder.

This can be developed in many ways. For example to divide 123 by 9 the answer is 13 remainder 6. The first figure of the answer (1 in the 13) is the first figure of 123. The second figure of the answer (3 in the 13) is 1+2 (add the first two figures of 123). The remainder is 6 is 1+2+3 (add all three figures of 123).

As B. K. Tirthaji (the man who reconstructed the Vedic system) said: "its magic until you understand it, and its mathematics thereafter".

'Fun With Figures' shows anyone from age 8 to 80 how to use the simple, beautiful system of vedic math to perform lightning-fast mental calculations. Visit:
