What Everybody Ought To Know About How To Change Their Career or Profession and Still Survive And Thrive In The 21st Century by Etienne A. Gibbs, MSW

According to Dr. Waitley, the employee today needs to learn how to:

- * make his career fireproof;
- * go from employee to owner;
- * change his frustration to motivation;
- * make "work" work for him rather than against him;
- * create a new source of income and financial security;
- * create win-win situations for himself, his family, and his friends;
- * take charge of his health and his life (and, it goes without saying, the health and life of his family).

The kind of professional career and business we need to be looking for is one that offers the following:

- * a clear and elevating mission to help improve the quality of life;
- * the finest quality products and services in the industry it serves;
- * an environment that fosters empowerment;
- * the opportunity to succeed on one's own merits and efforts; and

Therefore, to survive and thrive in the 21st century, Dr. Waitley we jump on the "*entrepreneur reality*"

I further suggest that you look closer at opportunities that offer you the opportunity to:

Remember: When you maximize your career potential, everyone wins. When you don't, we all lose.
