What is HDTV? by Gary Davis

Dish-Network-Satellite-TV.ws

Dish Network Satellite TV

.

High Definition TeleVision

is what HDTV literally means. But high definition compared to what? In

30 images per second (in Europe 25) are shown by normal

analog TV

sets. It does this by writing

HDTV – High Definition TeleVision

HDTV

is high resolution Digital TeleVision (DTV) combined with Dolby Digital Surround Sound (AC-3).

There are 18 different formats defined for Digital TV of which 6 are considered to be HDTV:

Scanning Approach

1080i

What is HDTV?

Progressive

640

HDTV

screen has a resolution of upto

2.000.000 pixels, which gives up to 10 times more picture detail.

HDTV

is the future, and a really big step forward. We once started with simple black and white TV,

Gary Davis is owner of

Dish Network Satellite TV

, has several years experience in the Satellite TV

Industry and has written several articles on satellite TV.
