What is the Rich Jerk eBook and Why Should You Care?

By Kevin Nobleman

How many schemes have you seen before that promise you millions made without a dime of investment or an hour of work?

Every time I see another internet scam or "look alike" I'm reminded of countless times fiends would invite me over to their house after work for some sort of gathering or "product party" These programs and the myriad of other "GET RICH QUICK" or "BE YOUR OWN BOSS" tactics just didn't work for me. It didn't for work any of my friends either.

What does hold promise is affiliate marketing. No phone calls, no downline, no pressure. There are some things to avoid though, and it helps to have some assistance when you are just starting out. For instance, you can buy a lot of pricey ebooks out there that attempt to cover the subject, I know I did!

All that happened was I bought too many ebooks, spent way too much money I did not have to waste and spent too much time reading them all to gather a minimum of useful information. I was led around in circles, never finding a clear path, and there was nobody available to answer my questions when I had them. It was like they were hinting at the secrets of "how to"! What's your experience been like?

The Rich Jerk has a book too, and I'll be the first to admit I was a hardened skeptic to all of this by the time I picked it up. Instead of repeating my prior experiences, here's what I found.

The Rich Jerk is NOT a bible....it's around 50 pages or so. It is a no fluff, full of powerful and proven useful tactics. I actually discovered it by accident, and almost did not give it a chance. I had been frustrated up to this point. What got me started had nothing to do with the ebook's guarantee, but the lack of sales glitz surrounding it. Sort of begged for attention. Plus it was short.

Surprisingly simple, I finished it quickly and was amazed it could be put into practical use without long hours of tedious labor. I already had a job like that! Many of the chapters held topics and hints that were new to me, not found in the gajillion pages I had stumbled through in the other ebooks. If only I'd read The Rich Jerk first ! I could have already been making lots of money!!

What is the Rich Jerk eBook and Why Should You Care?

Naturally, I had to prove to myself that The Rich Jerk was as good as it seemed to be. I "baited" their email support, thinking I'd find their Achilles heel there! Not so. My "bait" consisted of 20 + thoughtful questions to reveal a weak customer support function. The old sell and run tactic you see everywhere in business today. It took only a couple days to receive several pages of well directed, clear answers that were very helpful!

I'm still on the learning curve of course, but that's to be expected with something worthwhile like this. The Rich Jerk contains basics like: * Creating an affiliate website that directs meaningful traffic and really converts!

* Creative Search Engine Pay Per Click (PPC) Strategies

* Search Engine Optimization (SEO) Strategies

* Selling Your Own Informational Products

* Buying Wholesale and selling on Ebay

Some added pluses: * Supplemental Information for beginners...for once there is attention and help when you need it most

* Personally Recommended Products and Services....a HUGE benefit because otherwise you have a huge amount of sifting to do alone.

* Low cost ideas and some free ones as well.....helped me get started with a small budget and limited time.

So I've just touched the tip of the iceberg. Do a deep dive, check it out yourself, because later the deep dive will be in your deep pockets! If you want to start an on line business, or improve the one you have going, I'd highly recommend The Rich Jerk.

What is the Rich Jerk eBook and Why Should You Care?

"Lets get something straight. I am a jerk. I am obnoxious. I am lazy. And I don't care, because I am **FILTHY RICH.**"

Those are the first few words you will see when you visit the rich jerk website.

Who is this guy? If you don't already know, he is extremely popular within the internet marketing community, and he makes millions online doing barely anything. If you want to know how he does it, you can buy his eBook for \$49.95 (Regular \$199).

You've probably come across hundreds of money making products on the internet that promise to make you rich, or guarantee that you will become a millionaire in 6 months. There are tons of scams out there, and its hard to tell which ones will make you money, and which ones just want your money.

Is the Rich Jerk a get rich quick scam? The simple answer to that is **NO**. You **WON'T** get rich overnight after you read his ebook, but if you follow his strategies and secrets, you will be successful. I know this because I bought his ebook, read it carefully, and put his strategies to the test.

His ebook covers the following chapters:

Chapter 1: Creating an affiliate website that sells like crazy–
