So who is Dr Robert Anthony?

He is the best-selling author of the books 'Doing What You Love – Loving What You Do', 'Advanced Formula For Total Success', 'How To Make The Impossible Possible', 'Total Self-Confidence', 'Betting On Yourself', 'Magic Power Of Super Persuasion', '50 Ideas That Can Change Your Life', 'Random Wisdom' and the audio program 'Rapid Manifestation'.

These are all included in his latest multi-media course 'Know How To Be Rich'.

Up until a few months ago I had never heard of him but I am grateful I discovered his works through a friend's recommendation.

Although I had achieved some success with other experts help, I kept sabotaging myself by trying to help others before I was ready.

The friends and family I offered advice to either looked at me as if I was strange and changed the subject or muttered "You're weird!" and walked away!

Now, thanks to Dr Anthony, I have scientific proof (from quantum physics!) that I am on the right path. For me it was the missing piece of the jigsaw and the turning point which prompted to share the collective wisdom of my heroes and mentors with the world via my site [www.4-inspirational-quotes.com](http://www.4-inspirational-quotes.com)

Other points covered by Robert include:

The Law Of Attraction  
The Law Of Cause And Effect  
Flip Switching  
The Power Of Now

## Who Is Randy Gage and Why Is He One of My Mentors and Heroes?

### **Who Is Randy Gage and Why Is He One of My Mentors and Heroes? by Chris J Lloyd**

Who is Randy Gage? I first read about him in a newsletter by his friend, and another of my mentors and heroes, Stuart Goldsmith.

At first he came across as a bit too much 'in-your-face' for my liking but, as he was challenging some of my long held beliefs, I came to realise that I was in a state of denial.

I will always be grateful to him because, by forcing me to face up to reality, I made some major breakthroughs by changing my thinking about certain issues.

If you need to get over some hang-ups that are keeping you from the life you deserve, and you can stand a strong dose of the truth, then Randy is the guy to tell it like it is.

Randy's message is that you can, just like he did, change just about everything in your life by changing your mindset. The story of his life as he came from being a 'victim' to becoming a self-made millionaire was an inspiration to me and whenever I stray off the 'path', I read or listen to Randy again to set me straight.
