## Women's Soccer Gear

By Cathy Peterson

Women's soccer gear apparel consist of jerseys, T-shirts, lined and knitted pants and sphere shorts tailored specifically for the female players. The jerseys range from \$50 to \$80 while the pants and the shorts can be bought for \$45 and \$30 respectively.

Specific undergarments for women marketed by Nike, Adidas and Under Armour are priced within \$20 to \$50. Most often the bras are made from polyester and Lycra mix which offers moisture managing support and maximum comfort. Under Armour also manufactures women-specific boxer jocks and capris.

Women's Fleece is priced at \$50-\$55. These include hooded pullovers that provide warmth and insulation during early morning training sessions. Women's Hoody and Twill Hoody are other special outfits.

Soccer cleats for women marketed by Adidas and Nike and priced at \$175 provide great comfort, good grip and stability. They are considered excellent for ball control and offer tremendous shooting power. Soccer shoes ranging from \$50 to \$125 are also available. These shoes are designed for remarkable comfort and flexibility. The shoes on the lower side of the price range are predominantly used for indoor games.

Two special products by Reusch cater exclusively to women goal keepers. Reusch Ortho Sleek Gloves are specifically designed for goal keepers with narrow hands and most suitable for women. These gloves are made of highly durable foam that lasts 25-30% longer than the usual mega foam. The flexible and removable finger protectors also greatly reduce the chances of injury. The other item marketed by Reusch is the Matriko Jersey. It is available in three sizes, medium, large and X-large and two elegant shades of lilac and sky blue. The jerseys are made of polyester material and contain stretchable polyester inserts and padded elbows.

Other accessories used by women such as headbands, shin guards, compression sleeve and padded ankle protectors are however designed to suit both the sexes. The key to soccer gear is flexibility. A person should feel extremely comfortable in their clothing. A person should not be reminded that they

## Women's Soccer Gear

have on a particular item due to not feeling comfortable. When shopping for the latest in sports gear, a person doesn't have to shop at several different websites in order to find what they need.
