What would constitute a miracle in your life? . . . A million dollars? . . . A great family vacation? . . . A new car? . . . A physical healing? . . . Someone's love? . . . a 50-pound weight loss? Whatever it is that you consider your miracle, know that it CAN come true!

This is not necessarily meant to be a religious process, however it does require FAITH. Many people will indeed interpret this to mean faith in God – as I do, while to others it will mean faith in some other supreme being or faith in oneself, faith in the universal forces, or in the quantum field.

Our definition of a miracle is really very simple. We're not talking about flying through the air or turning rocks into gold. We define a miracle as anything that you have ever previously considered impossible for yourself . . . the key word here being "previously", because the first prerequisite for the creation of your miracle is to be able to create the mindset where you now know that it is at least a possibility – because anything that you consider impossible CANNOT be manifested. Or, as Henry Ford said, "If you believe you can or if you believe you can't, you're right!"

## Yes, You CAN Expect A Miracle!

Now, how do you create this miracle? Just follow these simple steps.

(1) Know that this miracle is possible. If it has ever been done anywhere and to anyone before know that it is possible for you as well.

(2) Begin thinking about it, dwelling on the joy of accomplishment, get excited about it, dream about it and WRITE IT DOWN ON PAPER as if it is already happening to you.

(3) Make a Plan of Action with a list of steps that will move you toward your goal. Keep excited and motivated. Don't let your dream out of your sight and most important of all, don't let anyone, including yourself, cast any negativity over it. KNOW that you are in the process of creating it.

(4) Now TAKE A FIRST STEP. There's always something, however small that we can do to move us forward each day. Once you've taken that first step with positive expectancy, miraculously you will start seeing strange and wonderful things happen! Someone you meet accidentally may tell you something important – or you'll find that you pick up a book on just the right subject – and lots of amazing coincidences start showing up. This is simply the result of the universe marshalling its forces to move you toward your goal. Just be open and aware!

(5) Now relax! keep moving purposely forward each day, knowing that you are on track. Remember that once you have started this process, you are no longer alone in this. Stay open to the signals from your subconscious, from your intuition and from your environment. These are now all working with you to show you the way.

(6) NOW EXPECT YOUR MIRACLE!

## How Does Adwords Miracle Compare?

By Garth Jenks

Chris the author appears to be a decent guy, and his book Adwords Miracle is certainly a decent book, but my concern is that at \$97, are you paying for exclusive cutting edge Adwords info or are you buying into the hype??

So, what do you actually receive with Adwords Miracle package? The sales page promises 4 specific components plus access to a few videos.

I've purchased Adwords Miracle and I believe that this is what you REALLY get. You get the main eBook, 3 'spin off' components and a set of 3 recordings showing you 3 of the areas that the book already covers in text form.

The videos are for people who may prefer to 'watch' the 3 particular aspects of Adwords rather than read about it. Just don't expect to learn anything new that isn't already covered within the main manual.

Having said all this, if Adwords Miracle WAS the only book available on Adwords then I wouldn't be disappointed and at \$97 it represents reasonable value. I'd much prefer to buy and read this book than try to learn it all via my own research!

It is however, NOT the only eBook to be found on Google Adwords, in fact it's not even the only good book available.

A Cheaper Alternative To Adwords Miracle to Consider Is.....

There is a much cheaper alternative available to Adwords Miracle. In fact it's about 40% cheaper. It's called Adwords Elements.

Within Adwords Elements you can learn pretty much all the secrets outlined within Adwords Miracle, plus a couple of the author's own secrets. It's laid out and written in a simple, easy to understand manner and is stuffed to the brim with the same sought-of info that you can use to take full advantage of the power of Adwords.

In my own personal opinion using Adwords Elements, you will walk away with the same little known knowledge and advantages that Adwords Miracle offers, albeit at a cheaper price.

I'm not a massive fan of hype so that's all I'm going to say. Check Out
