**You Are God by John Cali**

You Are God  
John Cali

A member of our discussion group recently asked this question of the other members:

"Have any of you ever tried to go direct to Joseph or any other advanced spirit personally, without (an) intermediary . . . like John who has learned how to listen? 'Tis a fine line, but one that takes a lot of courage to cross, IMO. I sometimes think I am channeling but at other times I just decide I am really in the groove, creatively."

It's an excellent question, and one Joseph and I thought we should address in the newsletter.

Chief Joseph

None of you are ever disconnected from the world of Spirit. We know you sometimes, or perhaps often, feel disconnected. But you never are.

You've heard us and others use the term "All That Is" to mean God, Goddess, Great Spirit, the Universe, etc. The term "All That Is" is one of our favorites because it clearly conveys our view of that divine, all-knowing, all-loving, all-powerful energy that rules all of creation.

All of creation is All That Is, God. Every being, human or non-human, physical or nonphysical, big or small, animate or inanimate, is part of All That Is, God. And it logically follows that all of you are also part of God. You are not only part of God. You are God.

So it's impossible to ever be disconnected from who you are, which is God, Spirit.

Now, with that rather long-winded introduction, let us get to the heart of the discussion group member's question. Which was, essentially, "Can you go directly to the source?"

## You Are God

Of course you can!

Do you need John as an intermediary to contact us?

No.

And neither do you need you need your churches, priests, ministers, gurus, counselors, or any other individual or organization to act as your "go-between" to communicate with the world of Spirit.

However, and this is an obvious fact but one not fully grasped by many, most humans believe they need a go-between, an intermediary. If that were not true, many of your mainstream religions and other

spiritual organizations simply could not exist.

"And so, Joseph," you might ask, "what is the purpose of any intermediary? What is your purpose?"

Our purpose, dear friends, is to remind you of who you truly are, that is goddesses and gods. Most of you have forgotten that. Or have only a dim recollection of it. So we, the intermediaries, are here to remind you.

You have a direct line to God, to Spirit, to All That Is, to your higher self. And when you remember and accept that, there will be no more work for us, the intermediaries, to do.

Our goal is to put ourselves out of business. And when you remember you are God, we will have achieved our goal.

Since 1992, John Cali has been communicating with a spirit called Joseph. In one of his many physical lifetimes, this spirit was incarnated as the legendary Chief Joseph of the Nez Perce tribe in what is now Oregon. **Religion .....There it is**

**By Dony Peter**

**Religion .....There it is by Dony Peter**

let me tell you something

1. God does not exist.
2. Allah does not exist.

## You Are God

3. Jesus does not exist.
4. Shiva does not exist.

almost 90% of the people reading this blog would not mind my first sentence, just dismissing me as an atheist,

However, #2 for Muslims, #3 for Christians, # 4 for Hindus would definitely anger these respective people, and i'm sure they would fight me tooth and nail to prove their point. Well I'm not here to debate the existence of god, just the existence of our ignorance.

Why aren't we as much angered when somebody talks about just "God" , than when somebody talks about my God. It seems that these people do accept then that there is a God, and there is my God. It also proves that 'my God' is not the real God , atleast for me because I'm not angered or incensed or even bothered when somebody says that "God does not exist".

And while I'm bothered when somebody drags "My God" into a controversy, i am a little worried for the the plain "God" who doesn't have any takers.

It also reveals that we want to ascribe to our religious beliefs in a way more than the religion itself dictates. I do feel that most of the time the culprit is not "God" who by the way was never clear about his real identity and thus created the plethora of confusion among us, but rather our very own religious egos.

The author is a person looking at the world through a different sense of vision. more are
