You Can Learn To Play Lead Guitar

By Tomas Labas

There are no easy ways to teach someone the discipline and knowledge that is needed when they first learn play lead guitar. It is a combination of natural talent, teachings and technique that will make you the best lead guitarist you can be!

Technique

Technique is one of the key elements when you learn to play lead guitar. A good teacher is essential to teach you the basic skills and allow you to perfect them. Playing guitar is like artwork, you need to practice and perfect your craft. Many lead guitarist in popular music groups will tell you they never stop learning and never stop perfecting there style.

Discipline

Discipline is what will take you from an average lead guitarist to a brilliant one. When you first learn to play lead guitar it is very important to be disciplined and be able to put the hours in that are needed to master your craft. A teacher can help you set a time schedule and program to keep you motivated and on track.

Body language

Body language is another important element when you learn to play lead guitar. Attitude and body language go hand in hand to give you the confidence you need as a lead guitarist. If you watch a music video you will always notice the confidence the lead guitarist has compared to his backup musicians.

Leadership skills

As a lead guitarist it is important to have excellent leadership skills. As the lead guitarist you are responsible for the backup musicians and need to be able to think on your feet and cover any mistakes that may happen during a set. This is something that will come with time but should always be on your mind when you learn to play lead guitar.

You Can Learn To Play Lead Guitar

Learning positions

When you first start to learn to play lead guitar it is important to practice while in the seated position. Being seated during practice will help you to maintain full control of your instrument and allow you to concentrate on your practice. Always have both feet on the ground and have your back straight to avoid injury.

Correct hand positions

Learning the correct hand positions when you learn to play lead guitar is the most important element. Using the correct hand positions will allow you to move through cords with ease and avoid mistakes. It will also allow you to react quickly if one of your backup musicians makes a mistake or misses a note. Correct hand positions should be practiced regularly even by experienced guitarists.

You Can Learn to Play Rock Guitar

By Tomas Labas

Although the electric guitar has originated in blues music, it is rock that gave its popularity. With rock music, the electric guitar became a massively expressive instrument. All guitar lessons have to touch on rock as well, but if you want to learn to play rock guitar, there are special modules you can take up. These modules focus almost exclusively on rock music.

The things you will be taught when you learn to play rock guitar can be roughly spread into three modules: first lessons, where you will learn the basics about playing the guitar, electric guitar improver and power chords.

First Lessons

These lessons are mostly for beginners. If you have some knowledge about playing the guitar, you may skip some of these. This is up to your teacher to decide.

However, if you're holding a guitar for the first time, this is where your teacher will usually start. You will be taught the fundamentals about playing a guitar in general and playing rock guitar in particular. You will learn the basics about rock lead guitar and power chords. After these first lessons, you will have some idea on how to play classic rock guitar. If you get these right, you are on your way to actually playing rock guitar.

You Can Learn To Play Lead Guitar

Electric Guitar Improver

In the next lessons, you will probably be taught various rock techniques, such as sliding, string-bending, pull-offs, vibrato and hammer-ons. These tips will enable you to play some fairly good rock solos. You will also learn about scales and chords that will help you start making up your own music.

There might be a lot of blues references within these lessons. Going through all these will help you understand the relation between blues and rocks, which is essential if you want to learn to play rock guitar like a pro.

Power Chords

Power chords are two or three string distorted sounding chords used in some of the most popular rock songs of all times. You will learn to play several rock songs during the first few lessons of this module. Afterwards you will be very familiar with the fretboard and surprise yourself with the sounds you will be able to play.

If you seriously want to learn to play rock guitar, don't get frustrated or discouraged if you're not playing the way you would like to at the beginning. If you enjoy playing, the progress will come at some point. Find a guitar teacher you communicate well with, design a workable schedule to practice and, most importantly, try to have fun while you're learning.
